2nd NFDI Community Workshop

Data Management in Collaborative Research Centers

Location: Leibniz Institute for Neurobiology (LIN) Magdeburg
Date: December 3, 2019
Time: 10.00 – 15.00

Program:

(I) Welcome/Introduction

10.00 Welcome at LIN (Frank Ohl/Constanze Seidenbecher, Magdeburg)
Introduction to the NFDI-Neuro initiative (Thomas Wachtler, Munich)

(II) Defining the needs and available resources for data management in neuroscience

10.30 Electrophysiological data (Michael Denker, Jülich)
Imaging data (Michael Hanke, Jülich)

11.30 Coffee Break

(III) How to set up a research data management plan for a neuroscientific CRC? Field reports, major challenges and best practice examples

12.00 CRC1315: The smartFigure gallery application (Julien Colomb, Berlin)
Research Data management at CRCTRR135 (Thorsten Arendt, Marburg)
Research Data management at NeuroCure (René Bernard, Berlin)
CRCXXX???

13.00 Light lunch/group work/subtopics

14.45 Wrap up, closing remarks

Please register for the workshop (no participation fee) via constanze.seidenbecher@lin-magdeburg.de and tell us if you want to contribute with a short talk (10-15 min.) about the current state, most pressing problems, or good practice examples of research data management in your CRC.

For those who will arrive on Monday evening we plan a dinner downtown (on own costs). Please let us know if you will join us for the dinner that we can book the table.

Financially supported by
